ARNO®
WERKZEUGE

SPECIAL

GET THE COOLEST ARNO
COMBINED PARTING OFF AND
GROOVING TOOL FOR YOUR
MACHINE — NOW AT A SPECIAL
PRICE FOR A WHOLE SET*!

*Special prices for tool holders and set on the reverse. Each set consists of a tool holder, a module to fit and 10 matching inserts (please refer to packaging unit).

SA/ATS TOOL HOLDER SET

Tool holder + SA or ATS module + 10 inserts.

Unbeatable – especially when it comes to efficient cooling and maximum tool life. Order now to benefit from these unbeatable set prices.

- SA set: Rigid and narrow – perfect combination of grooving blade and monoblock holder
- ATS set: Direct cooling of chip breaker, optimised cooling of tool flank – two features that let the slender module machine points that are difficult to reach.

For more information and to select the right modules and inserts, request our latest “Tools and inserts for parting and grooving” catalogue (downloadable from www.arno.de/downloads) or call your ARNO contact person.
